

To whom it may concern

Brussels, the 5th of November 2014

I confirm with this letter that Targi w Krakowie helped the Federation of European Publishers to organise its September meeting in Krakow. The programme went amazingly smoothly and the venue they provided for us was perfect for the event. I would like to mention particularly Sara Lamik and Aleksandra Zięba, who were very diligent and competent.

I would recommend Targiw Krakowie without hesitation for the organisation of future events.
